

Action	HTTP Rendering	XMPP Rendering
Retr. representation of a resource instance	GET /path/to/inst	<iq type='get' > <occi xmlns='...occi' node='inst#path/to/inst' >
Retrieve a coll. Of resource instance (kind)	GET /KIND/	<iq type='get' > <occi xmlns='...occi' node='kind#KIND' > <filter ...>
Retrieve a coll. Of resource instance (mixin)	GET /MIXIN/	<iq type='get' > <occi xmlns='...occi' node='mixin#MIXIN' > <filter ...>
Retrieve capabilities	GET /-/	<iq type='get' > <occi xmlns='...occi' node='caps' > <filter ...>
Partial update of ressource instance	POST /instance	<iq type='set' > <occi xmlns='...occi' node='inst#path/to/inst' > <instance...
Create a new resource instance of this kind	POST /KIND/	<iq type='set' > <occi xmlns='...occi' node='kind#KIND' > <instance...
Adds a resource instance to this collection	POST /MIXIN/	<iq type='set' > <occi xmlns='...occi' node='mixin#MIXIN' > <instance...
Add a user-defined mixin	POST /-/	<iq type='set' > <occi xmlns='...occi' node='caps' > <mixin...
Perform an action (on an instance)	POST /path/to/inst?action=...	<iq type='set' > <occi xmlns='...occi' node='inst#path/to/inst' > <action...
Perform action on a collection of resource instances (kind)	POST /KIND/?action=...	<iq type='set' > <occi xmlns='...occi' node='kind#KIND' > <action...
Perform action on a collection of ressource instances (mixin)	POST /MIXIN/?action=...	<iq type='set' > <occi xmlns='...occi' node='mixin#MIXIN' > <action...
Creation/Update of the ressource instance, supplying the full representation of inst.	PUT /path/to/inst	<iq type='set' > <occi xmlns='...occi#update' node='inst#path/to/inst' > <instance ...
Update of the collection supplying full repr.	PUT /MIXIN/	<iq type='set' > <occi xmlns='...occi#update' node='mixin#MIXIN' > <instance ...
Deletion of the resource inst.	DELETE /path/to/inst	<iq type='set' > <occi xmlns='...occi#remove' node='inst#path/to/inst > <instance ...
Remove of all/parts/all inst of this kind	DELETE /KIND/	<iq type='set' > <occi xmlns='...occi#remove' node='kind#KIND' > <instance uri= ...
Remove of all/parts/all inst of this mixin	DELETE /MIXIN/	<iq type='set' > <occi xmlns='...occi#remove' node='mixin#MIXIN' > <instance uri= ...
Removal of a user defined mixin	DELETE /-/	<iq type='set' > <occi xmlns='...occi#remove' node='
